Scenario

To schedule maintenance based on actual usage rather than arbitrary time intervals, thereby optimizing resources and minimizing downtime. Ensure accurate billing and maintenance scheduling, decide to implement an update to the usage meter system. In this syllabus, we will guide you on how to update the usage meter to keep track of usage for scheduled maintenance.

1. Usage History

What it's for

Updating the usage meter ensures accurate tracking of asset usage to facilitating precise billing, efficient maintenance scheduling, and enhanced fleet management of an asset.

Check Usage History

- 1.1 On the left panel of the system, click on **Assets > Asset Meter**
